PROFILE SUMMARY

Motivated and detail-oriented candidate with strong proficiency in Java and a clear understanding of Object-Oriented Programming principles. Possesses a solid foundation in core computer science concepts and problem-solving. A quick learner with a collaborative mindset, eager to adapt to new technologies and contribute effectively in team-driven environments.

TECHNICAL SKILLS

- Strong foundation in Java, C++, and Object-Oriented Programming (OOP) concepts
- Proficient in web development using HTML, CSS, and JavaScript
- Experience in building responsive user interfaces using React.js
- Good understanding of SQL, databases, and relational database management systems
- Strong knowledge of Data Structures and Algorithms with problem-solving ability
- Hands-on experience with Git and GitHub , Good understanding of OS Concepts & Linux .
- Familiar with AI development tools and agents such as Antigravity, Claude etc .

PROJECTS

• Job Recommendation System using Advanced Data Structures

Designed a job recommendation system using advanced data structures like Tries, Binomial Heap, Leftist Heap to optimize job matching , strengthening understanding of real-world data structure applications.

• CSV Analyser using Java

Developed a Java-based application to parse and analyze CSV files and perform various data operations. Improved understanding of core Java concepts such as loops, file handling techniques.

• CPU Scheduler using Java

Implemented a CPU scheduling simulator using Java to simulate process execution and scheduling behavior. Enhanced understanding of control structures, and system-level scheduling logic.

• Student Alumni Management System Using PostgreSQL

Developed a Student Alumni Management System using React.js for the front-end and PostgreSQL for database management and understood relational database concepts

EDUCATION

• College of Engineering, Guindy (CEG), Anna University

GPA: 9.2

Member of NSS; actively involved in volunteering activities has strong leadership, teamwork qualities .

• Nazareth Matriculation Higher Secondary School, Avadi,Chennai - (2022-24)

Higher Secondary (Class 12): 97.5%

• St. Joseph Matriculation School,Avadi,Chennai - (2010 - 2022)

Secondary School (Class 10): 94.8%

Served as School Pupil Leader, gaining leadership and teamwork experience.
